

**Comments on GLOBALG.A.P. Standards**

If you have any comments on a GLOBALG.A.P. standard, please complete the form with the relevant information and send it to [publiccomments@globalgap.org](mailto:publiccomments@globalgap.org).

If the submitted comments are not relevant to a draft version that is open for public consultation, but rather relevant to an operational GLOBALG.A.P. standard, we will get back to you with an explanation.
