Job Vacancy - Certification Integrity Program (CIPRO) Assessor (m/f)

GLOBALG.A.P. is looking for:

Certification Integrity Program (CIPRO) Assessor (m/f)

Department: Compliance, Integrity and Certification Body Administration
Job Location: International, not office based
Reporting to: Team Leader IPRO
Type of Job: Full time, freelance
Date of Entry: Subject to the successful completion of the selection process.

Job Duties and Responsibilities:

As a member of the Integrity Team your duties are to:

- Conduct surveillance assessments of certification bodies (offices and producers) around the world, according to the requirements of the GLOBALG.A.P. Certification Integrity Program.
- Provide technical, administrative and operational support to the IPRO Team leader on global, as well as local tasks, when required (e.g. provide technical support to the development of the GLOBALG.A.P. General Regulations and Control Points, conduct follow up assessments to investigate complaints and integrity issues, etc.).

Job Specifications:

1. Qualifications:

- Comply with GLOBALG.A.P. IFA Crops V5 auditor qualifications.
- In-depth knowledge of GLOBALG.A.P. Control Points and General Regulations.
- Additional approval for add-ons (GRASP, Nurture, etc.) and other scopes (Livestock, Aquaculture) is an advantage.

2. Languages:

- Excellent written, technical and verbal communication skills in Spanish. Very good written, technical and verbal communication skills in English. Additional global language is an advantage.

3. Experience:

- 3+ years’ experience as a GLOBALG.A.P. Auditor.
- At least 5 years’ professional experience in the agriculture industry.
• Strong technical background in agriculture related to crops. Additional experience with livestock and or aquaculture is an advantage.

4. Requirements:

• Excellent communication skills.
• Excellent coordination and organizational skills.
• Excellent auditing skills.
• Location in Latin America.
• Must be flexible to travel extensively all around the world.
• Precise attention to detail.
• Appreciation and understanding of agricultural technical issues including food safety and sustainability.
• Able to work well in a multi-disciplinary team.
• Able to work under different climate conditions.
• Excellent conflict management skills.
• Results oriented.
• Driver’s license is necessary.
