**SIZA: Sustainability Initiative of South Africa**

**Our Vision:**
- SIZA enables the South African Agriculture sector to become a global leader in sustainable, ethical trade and environmental stewardship.

**What we are doing:**
- Harmonizing global ethical trade requirements within SA context – since 2008
- Improving supply chain sustainability, ensuring compliance and reduce risks

**How SIZA works:**
- Supporting and training relating to best practice and continuous improvement
- Verification via 3rd party audits
- Providing supply chain visibility via electronic database

**Why SIZA is good for business:**
- Protecting the reputation of suppliers and retailers
- Minimizing duplication and costs
Population Growth and Urbanization:

More than 50% of people worldwide live in cities!
DEVELOPING URBAN FARMING NETWORKS

INFARM is pioneering on-demand farming services by distributing smart vertical farms throughout the city, directly where people live and eat.
Farming Unit

- Produces up to 10,000 plants per year
- Biomimicry design
- Automated environmental control
- Dynamic growing light
- Modular and scalable
OUR PRODUCE

We grow fresh, flavorful, nutritious and beautiful plants, year round.

- Superior color, aroma and taste
- Clean produce, ready to eat
- Non-GMO, organic seeds
- Pesticide-free
- Consistent, season resistant supply
FARMING-AS-A-SERVICE™

- Subscription-based payment for farming capacity
- Versatile farming opportunities
- Personalised service
